

Hand prints

Tree Handprints picture

On a large piece of construction paper or card, draw/paint a tree with branches.

Put different colors of paints into a container.

Paint your child's hand and press it down onto the branches.

The children can also create different pictures using their hand prints.

OBJECTIVES

- To use parts of the body for art creation
- To enhance creativity
- To improve eye-hand coordination
- To work on fine motor skills
